                                                                                                                                                                                                                 Sequence 2, Application US/09137132

Patent No. 6380363

GENERAL INFORMATION:

APPLICANT: Tartaglia, Louis A.

APPLICANT: Tepper, Janice A.

APPLICANT: Tepper, Janice A.

APPLICANT: White, David W.

TITLE OF INVENTION: THE OB RECEPTOR AND METHODS FOR

TITLE OF INVENTION: THE DIAGNOSIS AND TREATMENT OF BODY WEIGHT DISORDERS,

TITLE OF SEQUENCES: 50

Patent No. 6395498

GENERAL INFORMATION:
APPLICANT: Tartaglia, Louis A.
APPLICANT: Tapper, Robert I.
APPLICANT: CUlpepper, Janice A.
APPLICANT: White, David W.
TITLE OF INVENTION: THE OB RECEPTOR AND METHODS FOR
TITLE OF INVENTION: THE DIAGNOSIS AND TREATMENT OF BODY WEIGHT DISORDERS,
TITLE OF INVENTION: THE DIAGNOSIS AND TREATMENT OF SEQUENCES: 50

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     g
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 ઠે
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         Sequence 43, Application US/08864564A

Sequence 43, Application US/08864564A

Patent No. 6395498

GENERAL INFORMATION:

APPLICANT: Tartaglia, Louis A.

APPLICANT: Tartaglia, Louis A.

APPLICANT: White, David W.

TITLE OF INVENTION: THE DIAGNOSIS AND METHODS FOR

TITLE OF INVENTION: THE DIAGNOSIS AND TREATMENT OF BODY WEIGHT DISORDERS,

TITLE OF INVENTION: INCLUDING OBESITY AND CACHEXIA

NUMBER OF SEQUENCES: 50

CORRESPONDENCE ADDRESS:

ADDRESSED: Fish & Richardson, P.C.
                                                                                                                                                                                                                                                                                                                                 540
                                    300
                                                                      300
                                                                                                           360
                                                                                                                                               360
                                                                                                                                                                                    420
                                                                                                                                                                                                                      420
                                                                                                                                                                                                                                                          480
                                                                                                                                                                                                                                                                                             480
                                                                                                                                                                                                                                                                                                                                                                      540
                                                                                                                                                                                                                                                                                                                                                                                                          9
                                                                                                                                                                                                                                                                                                                                                                                                                               9
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    9
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      720
